Mr Little,

That won't be a problem as long as Mr Walters approves it. Are you going to need anything else for this meeting? Notice for the newspaper? Anything – Fact Sheet or Notice - mailed out? A/V for the meeting? That is only 2 weeks away and this is the first I've heard about it. Just want to make sure we're prepared. Christy

Subject: WILCOX OIL

Christy, I am going to need some posters made for the upcoming Wilcox Oil Meeting on July 21st. The last ones we made were 18 x 24, and that was a good size. There are 12 total in the attachment. Let me know if this presents any problems. I would like them to be mounted on foam core, so I can use them on tables during an open house meeting.
